The **WILPF-Australia ANNUAL GENERAL MEETING** will be held on Sunday afternoon.

THE THEME OF THE MEETING

The theme chosen for this 2009 Meeting, *Women, Peace and Sustainable Futures*, reflects the urgency of the environmental crisis and its implications for security.

As ever, WILPF women will bring distinctive perspectives to these critical issues.

As the National Conference of one of Australia's leading peace organisations, this event will be of great interest, not only to WILPF members, but also to the broader community. Apart from the Sunday afternoon programme, all sessions are open to the general public.

WHAT WE HOPE TO ACHIEVE

At the end of the Meeting we hope that:

Participants will have a clear vision of the role of women in creating a multitude of peaceful and sustainable futures.

WILPF Australia will have a unifying model or framework that potentially can guide peace work at all levels over the next three years.

There will be enhanced and cooperative partnerships among WILPF women in Australia.

There will be an enhanced sense of organisational identity.
