WILPF Australia Statement of Solidarity with Afghan Women

WILPF Australia, in collaboration with other WILPF sections throughout the world, pledges to continue working in solidarity with Afghan Women to protect their human rights.

We greatly respect the dedication of so many Afghan Women who have worked for many years to gain recognition of their skills as leaders and advocates who want to improve the lives of the people of Afghanistan.

In Australia our members and supporters are deeply saddened by recent events which jeopardise the achievements of the Afghan people.

We will continue to work internationally and with the Australian Government to progress constructive mediated dialogue that supports the rights of Afghan women and the wellbeing of all citizens.

We welcome the commitment of so many individuals and community organisations rallying to assist re settlement programs in Australia.
